

# Miami Pallet Coolers

**Sell beer by the case. Refrigerate the entire pallet.**

## GreenSensePlus Features: Saving Energy and Reducing Lifetime Costs

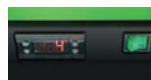

### Energy saving EC Fans

New technology doubles the lifetime whilst using up to 70% less energy

### Electronic Control

For accurate temperature display and controlled defrosting

### R290 Refrigerant

Increased efficiency. Zero ODP (Ozone Depletion). Negligible GWP (Global Warming Potential)

### LED lighting

Longer lifetime and greatly reduced heat in the cabinet so less work for refrigeration unit

**THE NEW MIAMI SERIES OF PALLET COOLERS** refrigerates bulk displays of beer or soft drinks. The shopper simply opens the glass door and loads the slab directly from the pallet into their trolley. It's the ultimate retail experience: Cold beer, sold by the case and ready-to-drink.

For the in-store team, replenishment couldn't be any easier or faster. Just swing open the doors, wheel out the old pallet and replace it with the new. Close the doors and let the powerful refrigeration cool the beers overnight, ready for thirsty shoppers the next day. Fast, efficient and very profitable.

## Miami Product Features

**Optional roll-in, roll-out trolley merchandising system is available with gravity feed shelves.**

**Suitable for Miami 600 and Miami 1620 models.**

**The advantages of the trolley system are:**

- Reserve trolley kept in the cold room pre-chilling. Drinks are therefore always offered cold.
- No need to restock in the aisle.
- Faster restocking, less staff time used.
- No trip hazards in the aisle.
- Commanding presence in-store.

Advanced manufacturing equipment

Rigorous quality control

Modern facility
